## Reporter

**Portage Daily Register** Graduated 1980

**Position at the Daily:** Reporter, Features Editor, Copy Editor, Night Editor

**What did the Daily do for you:** What I'm doing now is essentially what I did for the Daily, writing stories about people with whom I have to live day after day. It taught me to spot stories everywhere, and see the "great story" in nearly everyone I meet. It helped me to utilize the skills and views of my newsroom colleagues to help sort out issues.
